WASHINGTON — The Treasury Department and the Internal Revenue Service today issued [Notice 2021-25](#) providing guidance under the Taxpayer Certainty and Disaster Relief Act of 2020. The Act added a temporary exception to the 50% limit on the amount that businesses may deduct for food or beverages. The temporary exception allows a 100% deduction for food or beverages from restaurants.

Beginning January 1, 2021, through December 31, 2022, businesses can claim 100% of their food or beverage expenses paid to restaurants as long as the business owner (or an employee of the business) is present when food or beverages are provided and the expense is not lavish or extravagant under the circumstances.
